Local Opportunity Community

Employees ... Do you need to increase your income? Help us to help YOU do exactly that! KENTUCKYJOBS411.com is a local opportunity community established to help average people showcase their skills to the world and elevate their income to the next level.

Employers ... Looking for just the right person to fill that position you have in your company/business? You've come to the right place for great people available to you in the Louisville and surrounding area!

How does this work?

KENTUCKYJOBS411.com is an online community consisting of "Providers" and "Buyers". **Buyers** may be employers, businesses, or average people needing services. **Providers** may be sub-contractors, home-based business owners, freelancers, small businesses or ANYONE with skills to offer to the market.

Buyers will post their jobs on this site or may sign up for a service to scan the "resumes" of potential Providers. Jobs posted will have all relevant details for Providers to review and apply for jobs posted on this site.

As a Provider/Employee (YOU), you will sign up and upload your resume that can be reviewed by all Buyers. Your resume needs to showcase your:

- Skills
- Credentials
- Experience
- Availability schedule

You may think of your online professional profile like an "Interactive Resume or Advertisement" that allows Buyers to view your resume and contact you.
